DZJL1	Pearson BTEC Level 4 HNC in Digital Technologies (Business Analytics and Change Management)	31/08/2026	31/08/2029

*Please note that the accreditation dates shown above are correct at the time of issuing this letter. Please periodically check Edexcel Online for the most up to date information.*

You have advised us that the above qualifications will be **assessed in English** and you may now publicise these qualifications and register learners.

The following recommendations have been made to support delivery of the above programmes:

*Ensure assignments are more rigorously quality controlled.*

*Internal Verification is required to take note of the fine detail of an assessment when evaluating it, this needs to improve.*

Please note we request that learners are registered as per Pearson guidelines, which can be found on our website [here](#).

If no registrations are made within two years of the approval date, approval may be withdrawn and a new application for approval will be required.

All details relating to the administration, delivery, quality assurance and certification practices of these qualifications, as well as further information around the resources and tools available to you, can be found on our website [here](#).

If there are any changes to your centre which affect your ability to deliver Pearson qualifications, including to your examination venue, to the arrangements of storing and securing examination papers, your address or the head of centre, you must inform us immediately.

Thank you for choosing to work with Pearson. We wish you and your learners every success for the future.

Yours sincerely,

**Sally Peacock**  
Head of Centre Management
