Universum International College does not provide in-campus accommodation at the moment. Therefore, international incoming staff have to arrange accommodation themselves. To reach the campus faster, by bus, international staff are advised to look for accommodation near the city center. Yet, since there are regular bus lines it is not that difficult to reach the campus regardless of the area you decide to live in. To get an idea what is available in the area check <https://www.airbnb.com> or <https://www.booking.com>. For cheaper prices, you may contact any Real Estate Agency online or post your request for accommodation on Facebook.

In case you have troubles regarding accommodation issues contact erasmus@universum-ks.org.

About **TRANSPORTATION**

The economic operator responsible for public transport within Prishtina Municipality is the Public Enterprise "Trafiku Urban". Their webpage is <http://trafikurban-pr.com/shq/>. In this webpage you can find the bus lines to different parts of the city as well as the schedule for each bus line (<http://www.trafikurban-pr.com/shq/itinerari.html>).

Besides this, a mobile app for the public transportation is available on Play Store and App Store. The app is called "Trafiku Urban" and it provides the map of bus lines and bus stops in Prishtina. Both of these information sources are only in Albanian.

Information for transportation from Prishtina to other cities of Kosovo and neighboring countries is available on the webpage of Prishtina Bus Station (<http://www.stacioniautobuseve-pr.com/>) or at Gjirafa (<https://gjirafa.com/Autobus>).

Again, the information in these web pages is in Albanian. Therefore, please feel free to contact the International Office Coordinators at any time that you think you need information regarding transportation.

However, in case of need, you can also contact other taxi companies such as:
