Community Service Writing

**Tutoring and Teaching as Community
Service**

www.universum-ks.org

Our students, Rinesa Derguti, Elmedina Bytyqi & Ermira Meliqi, were proudly engaged and enjoyed serving Roma, Ashkali and Egyptian communities, during the winter semester 2022. This community service was implemented at Dubrave Village, Municipality of Ferizaj, Kosovo.

Below are some pictures taken from the presentations of our students, in regard to their tutoring and teaching offered every other week, as part of their Community Service Writing course engagement.

Hello, my name is Ermira Meliqi, and I completed community service as an English tutor at Caritas Kosovo, Dubravë. I will tell you about my experience, skills that I learned and taught, and what I accomplished.

• For me tutoring provides an opportunity to make a positive impact on students' lives. By helping them overcome challenges, improve their understanding of subjects, and build confidence, I can witness their growth and development first-hand, which is highly rewarding. As a tutor, you have the opportunity to work closely with individual students, understanding their unique needs, strengths, and areas for improvement. Tutoring and community engagement can provide a fulfilling experience as you witness the positive impact on individual students and the community as a whole. It is a chance to empower students, create positive change, and foster a love for learning that extends beyond academic achievements.

Being a teacher was the best experience in my life

I had the privilege of assisting the students from the Roma, Ashkali, and Egyptian communities in learning the English language. This heartwarming experience has reinforced my belief that every individual deserves equal opportunities and respect. These remarkable students have shown me that diversity is a gift to be celebrated, not a barrier. Each one of them is special in their unique way, and they deserve our support and encouragement. By embracing equality and compassion, we can create a world where everyone is given the same opportunities to succeed in life.

Here we practiced the alphabet and numbers, etc. and it was enjoyable. As I observed the improvement in my students' abilities, I also witnessed a transformation within myself. I found myself constantly inspired to become a better educator and advocate for their dreams. My role as a tutor became a responsibility to empower these young minds to dream big and believe in themselves.

Another learning day

This community service opportunity has not only allowed me to contribute to the education of these wonderful young minds but has also opened my heart to the beauty of diversity and the power of education to transform lives.
